African Treasure Farms

We have extensive experience in working with agri-business players across the value chain and have developed rich experience in tackling various issues faced in the agricultural industry. Our expertise in tackling issues related to growth strategies, sustainability and operational efficiency has made us suitably positioned to deliver excellent quality products to our clients.

Our Values

HUMAN DIGNITY

EXCELLENCE

INITIATIVE

SOLIDARITY

CONFIDENCEat.

Our Mission

To produce quality agricultural products using improved production, value addition and marketing innovations for multiple benefits.

About Us

African Treasure Farms is a registered company in Zambia to carry out agriculture related business like Crop farming, Livestock Farming, Trading of agriculture products and other agriculture related business. We rare a varst range of livestock (Cattle, Pigs, Goats, Chickens, Fish) as well as grow fresh farm produce such as Fruits and Vegetables and more...

We look beyond the business and develop a connection with the client that is both caring and professional.

Our team is our most valuable asset. It consists of professional managers with years cumulative international and external experience. We have a "One Team" attitude and approach to work, we engage equally and efficiently to deliver the best quality produce to our clients.

We focus not only on quality by itself but strive to redefine the benchmarks of quality. We strongly believe that our competitive edge comes from pursuing innovation and striving to set the industry standard for quality.

Our Services

With unrivalled commitment to quality we are customer focused in the delivery of services to our clients including wholesalers, retailers and food service. The quality of our agro products is reflected in the quality of our distribution.

LIVESTOCK

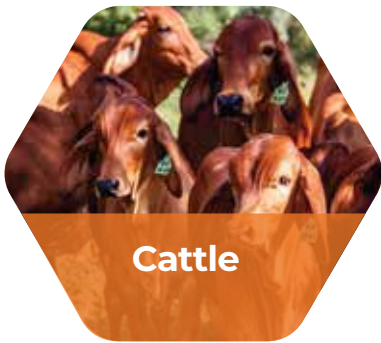

Our Farms produce a variety of livestock products such as, cattle, pigs, goats, chickens, fish and many more... Our meat, chicken and fish products are 100% organic. Bread and reared by our farmers with experience in animal science.

FRESH FARM PRODUCE

We produce a variety of high quality fresh fruits & vegetables to the satisfaction of our clients. Our crops are grown by our team of expert farmers with years of experience in crop production and horticulture.

Livestock & Fresh Farm Produce

Cattle

Pigs

Goats

Chickens

Fish

Fresh Farm
Produce

Cattle

Our heads of cattle are carefully bred and maintained from the time of birth up to until they supplied to consumers. this is ensure theirs by products (beef is tender and tasty & milk is with high nutrients) are of high quality and up to required standards for consumption.

Pigs

Our team of pigs are carefully bred and maintained from the time of birth up to until they supplied to consumers. They undergo unique maintenance as opposed to that applied to cattle. Our selected and dedicated farmers ensure for healthy pigs and eventually high quality porks to be supplied to our clients.

Goats

The goats of African Treasure Farms are just as specially bred and reared as the pigs and cattle. With their own dedicated caretakers as well, they receive the utmost attention to ensure they are healthy, reproduce healthy offspring as well as eventually provide for healthy, tasty and high quality meat for our customers and consumers.

Chickens

Our chickens are reared in the best conditions to ensure they are healthy and big enough for the supply of quality chicken meat to our clients and consumers. These chickens are kept in hygienic enclosures of required national standards. We rear layers, broilers and free range chickens to cater for our wide range of clients and provide for their needs.

Fish

Fish farming is amongst one of our main focuses aside from cattle, pigs, goats and chickens as seen on the previous pages. Our fish is kept in up to standard ponds abided upon policies set by the Ministry Of Livestock and Fisheries national standards. Our ponds hold a wide variety of fish species to ensure a supply to a wide range of customers based upon their species of choice.

Fresh Farm Produce

We grow a wide variety of fresh farm products ranging from fruits, vegetables and other consumables. We strive to supply these to our clients and consumers fresh from straight from the farm. Other consumables we grow include, soya beans, maize/ corn, groundnuts, potatoes (Irish and sweet), sorghum, wheat, caassava, rice... just to mention a few.
